FIRST AID

If swallowed	<ul style="list-style-type: none">• Call a poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to by a poison control center or doctor.• Do not give anything to an unconscious person.
If in eyes	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.

APPLICATION DIRECTIONS: CIDETRAK® D applications are bait treatments that require large discrete droplets rather than a full cover spray: A volume mean diameter (VMD) droplet size of 600 µm is recommended. See technical brochure information about how best to achieve this by air and by ground. All screens should be removed from the spray systems, including nozzle and strainer screens, or use screens larger than 6 mesh.
