We are coming to the end of the season

and it is time to discontinue the Field Reporter for the 28th season.

We trust that your season has been productive and rewarding, and we are pleased to have had an opportunity to provide some input.

Next season the Field Reporter will contain some new features. But we will stay with the same objective of providing you with a short, precise assessment of biological information for the key pests in your area.

Finally, we are pleased to thank our contributors to the Field Reporter for the 2016 season:

Butte County: Cris Wilk, Scientific Methods

Fresno County: Robert Weaver, Bio-Ag Services

Kern County: Darryl Castro, Integrated Orchard Management

Merced County: Bill Thompson & Cindy Lashbrook, Four Seasons Ag Consulting

Madera County: Ken Schneider, Alluvial Agricultural Consulting

And a big “Hat’s Off” to Randy Hansen who coordinates this for us from year to year.
